Introducing Scotland

Fantastic culture, beautiful landscapes and famously friendly people... Scotland has passion and innovation at its heart, and these are just some of the reasons why it's an amazing place to live and study.

Highland Games, Dunoon

Cliff Hill, Isle of Skye

Scotland was voted **the most beautiful country in the world** for 2019 by expert travel publication Rough Guides, who highlighted “the wild beaches, deep lochs and craggy castles” as some of the most wonderful and beautiful sights.

Falkland Palace, Falkland

The Kelpies, Falkirk

Scotland also boasts a world-leading education system. Our students and academics are at the **forefront of global change.**

- Scotland has a population of around 5.5 million and is **rich in history**
- The University of Dundee is 1st in the UK for Environmental Sciences, Nursing and Health & Social Care, and 1st in Scotland for Social Work and Civil Engineering. (National Student Survey 2022)
- Top 100 (93rd) in the World for Biological Sciences. (QS World University Rankings by Subject 2022)
- We produce more academic papers and citations per 10,000 of the population than any other country in the world. (Universities Scotland)

"I made a visit to all of the big cities in Scotland while studying here. The trip that stands out the most though was the Isle of Skye. We stayed in Portree and did a lot of hiking and exploring. Even though it was raining the whole time, it was beautiful. So totally worth it, we got over to the Fairy Glen and Old Man of Store. Quite a lot of hiking but it was excellent and just breathtakingly."

Introducing Dundee

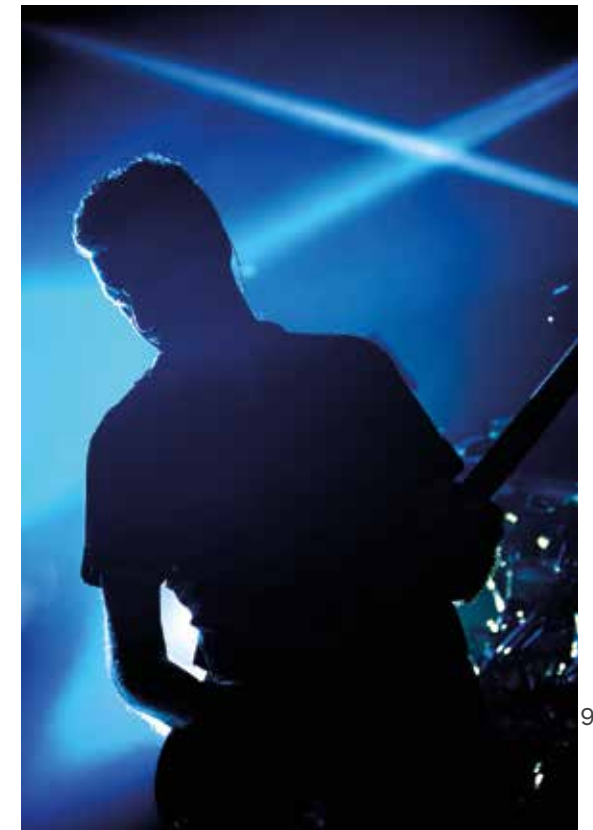

Dundee is a place that makes leaving home **feel like coming home**. Sitting on the banks of the River Tay, Dundee offers all that's best about city life while being safe, compact, and easy to navigate.

"I didn't know what to expect coming into Scotland, but I think everyone I have met here has been super nice, super friendly. Especially since I'm an exchange student and I don't know a lot of the things that other students might know. Everyone was just so willing to answer my questions and just help me out."

Dundee's population is around 150,000 - with students accounting for 1 in every 7 people. Our city is **perfect for student life**, and our campus is situated in the vibrant West End, with shops, cafes, restaurants and bars all on your doorstep.

The V&A Dundee occupies a prime site at the heart of the city's waterfront, just a few minutes' walk from campus. As the only V&A museum outside of London, it's just one of the reasons why Dundee is the **UK's only UNESCO City of Design**.

“The University of Dundee application was really straight forward. I had to submit my information and then I had to write a short essay about why I wanted to come and what experiences I wanted in order to help me, like in future directions. And that essay was kind of fun to write.”

An affordable place to live

Dundee is a very **cost-effective** place to study. A Citylets Rental Report in Q2 of 2022 found that Dundee is by far the cheapest out of Scotland's major cities to rent privately, with the average cost of rent in Dundee being **40% less** than Edinburgh, and **20% less** than the Scottish national average. Dundee is also the most affordable place for students to live in the UK (Oxford Royale 2021).

Our city campus is a self-contained student community where everything is close together. Our students don't need to worry about cars or taxis when the accommodation, library, teaching areas, students' union and gym are all nearby.

Comfortable and affordable accommodation

Our 250 self-contained flats offer single occupancy bedrooms, in single sex flats if requested, with private high-spec shower rooms. Each flat has a well-equipped kitchen, limited personal contents insurance included, and there's a laundry on site. The cost of accommodation covers utility bills, and we provide dedicated resident support. Dundee also has one of the largest superfast wifi installations outside of the US which allows hundreds of students to stream films, TV, and games at the same time, and connect up to 15 devices to the network. uod.ac.uk/accommodation

Dundee is the most affordable place for students to live in the UK

(Oxford Royale 2021)

"I would definitely recommend the student accommodation. I think the flat I stayed at was very nice. I got a very spacious single room, my own private bathroom. We had a really big kitchen and living space, which was really nice to just hang out, and cook food, and things like that. Everything is super accessible, especially the University, it's a five minuet walk at most. So, I definitely recommend it."
